November 20, 2018

Welcome to the Annual Report of the Bexar Appraisal District for the 2018 appraisal year. This Annual Report is designed to provide statistical information, as well as summarize numerous appraisal activities and accomplishments.

I am pleased to announce that the Bexar Appraisal District was awarded the Certificate of Excellence in Assessment Administration (CEAA) from the International Association of Assessing Officers (IAAO) for 2018. The International Association of Assessing Officers is the guiding force and foremost authority in the property tax profession internationally. The IAAO, through their Certificate of Excellence in Assessment Administration program, recognizes governmental units and individuals whom integrate best practices in the workplace. This rigorous year-long evaluation of appraisal and assessment practices is submitted along with specific process related documentation to the IAAO and is graded by experts in the assessment profession. The CEAA is awarded to the jurisdiction only after they pass the evaluation and are recognized by the executive board of IAAO.

The Bexar Appraisal District is only the tenth appraisal district in the state of Texas to be awarded the CEAA for its practices. Numerous staff members assisted with the submission and went above and beyond their normal course of work to assist in procuring this prestigious recognition of the work we do and the methodology with which it is accomplished.

The Bexar Appraisal District is dedicated to promoting professionalism and ensuring public trust in the valuation profession. We are committed to provide the property owners and jurisdictions of Bexar County with an accurate and equitable certified appraisal roll.

It is our hope that this Annual Report will allow you a greater insight into the operations of the Bexar Appraisal District.

Sincerely,

Michael Amezquita
Chief Appraiser

BEXAR APPRAISAL DISTRICT

BEXAR APPRAISAL DISTRICT

Board of Directors

The local property tax system follows the principle of checks and balances. An appraisal district board of directors hires the chief appraiser and sets the budget. The directors have no authority to set values or appraisal methods. The chief appraiser carries out the appraisal district's legal duties, hires the staff, makes the appraisals and operates the appraisal office.

The Board of Directors of the Bexar Appraisal District consists of five voting members and one nonvoting member. The Directors are appointed or elected by the eligible tax units in Bexar County according to Section 6.03 of the Texas Tax Code.

The non-voting member is the current Tax Assessor-Collector for Bexar County.

Board Members Include:

Cheri Byrom (Chair)
Robert Treviño (Vice-Chair)
George Torres (Secretary)
J. Keith Hughey
Sergio Rodriguez
Albert Uresti, MPA, Bexar County Tax Assessor-Collector

GENERAL STATISTICAL INFORMATION

	<u>2016</u>	<u>2017</u>	<u>2018</u>
Financial Budget	\$16,058,740	\$16,644,865	\$18,657,516

** The appraisal roll is fluid and constantly changing. The data provided above was retrieved at the time the budget was created and could differ from the time that this report was created.

APPRAISAL ACTIVITIES

The appraisal activities are divided into three appraisal departments: Residential, Commercial, and Personal Property; and two support departments: Geographic Information Systems (GIS) and Customer Information & Assistance (CIA).

Listed to the right are key activities that each department accomplishes throughout the appraisal year.

The appraisal roll is fluid and constantly changing. The data provided for new construction, accounts deleted and created, and exemptions processed are as of the November certified supplement of that appraisal year. Known sales and ownership updates are from April 1st of the prior year to March 31st of the appraisal year. Building permits have an issue date from the prior calendar year. Customer Service Walk-Ins and Calls Received are from September 1st of the prior year to August 31st of the appraisal year.

New Construction only includes accounts with new residences and commercial buildings. 2017 municipal building permits and prior include significant improvements as well as smaller additions, repairs, remodel and demolition. Effective 2018, they are all permits received. Miscellaneous flagged inspections could include a myriad of reasons including owner requests and account corrections.

	<u>2016</u>	<u>2017</u>	<u>2018</u>
Residential			
New Home Construction	7,288	7,689	8,314

Exemptions Processed	28,452	28,778	30,167

APPEALS DATA

Pursuant to Tax Code Section 41.41, a property owner and/or an authorized agent have the right to protest certain actions taken by the appraisal district. Administrative reviews of appraisal district values are done by the Appraisal Review Board (ARB). The ARB is an independent, impartial group of citizens appointed by the county administrative judge authorized to resolve disputes between taxpayers and the appraisal district. They are not controlled by the appraisal district.

The deadline for filing an appeal is midnight on May 15th or the next business day if the deadline falls on a Saturday, Sunday or legal state or national holiday. If the property was eligible for a notice of appraised value and it was sent after April 15th, the protest deadline is extended to 30 days after the notice date.

The ARB schedules these appeals for protest hearings and notifies the protesting party of their scheduled hearing before the ARB. The Bexar Appraisal District is not required by law to schedule an informal meeting with the appraisal district staff. However, in most cases one is scheduled prior to the ARB hearing in hopes of resolving the dispute informally. Should a resolution not be made at the informal meeting, the taxpayer may proceed to the ARB.

At hearings before the ARB, taxpayers and appraisal districts present evidence on which the ARB bases its determination. Taxpayers may appeal ARB decisions to district court in the county where the property is located. As an alternative to filing appeals to district court, taxpayers may appeal certain ARB determinations through binding arbitration or the State Office of Administrative Hearings.

The Bexar Appraisal District allows for electronic filing of a protest for excessive appraisal or unequal appraisal of property for properties which a residence homestead exemption has been granted, the property does not have a designated agent/fiduciary for representation, and the chief appraiser has not determined the market area of the property to be unusually complex.

** The appraisal roll is fluid and constantly changing. The appraisal data statistics provided are as of the November certified supplement of that appraisal year where applicable. Appeals received are as of November 30th of that appraisal year. The lawsuit data for each year is updated as of the date listed on this report.

COMPTROLLER PTAD STUDIES

According to Section 5.10 and 5.102 of the Texas Property Tax Code, the State Comptroller's Property Tax Assistance Division (PTAD) shall conduct two studies of the appraisal district. These PTAD studies have an alternating cycle in which one year the PTAD conducts a Property Value Study (PVS) and the following year a Methods & Assistance Program (MAP) Review.

The PVS determines the degree of uniformity and the median level of appraisals for each appraisal district. It also determines the taxable value of property for each school district for school funding purposes. In conducting the study, the comptroller applies appropriate standard statistical analysis techniques to data collected as required by Section 403.302, Government Code. A PVS was conducted for the 2016 appraisal year. We are currently undergoing a PVS for 2018.

The MAP reviews the governance of each appraisal district, taxpayer assistance provided, and the operating and appraisal standards, procedures, and methodology used by each appraisal district, to determine compliance with generally accepted standards, procedures, and methodology. The areas of study do not change from year to year, but the specific questions, number of questions, documentation required to satisfy the questions, and scoring system do. During the 2013 MAP, the highest score possible was 'EXCEEDS', determined by a numerical score exceeding 89. In 2015, a score between 90 and 100 was considered a 'MEETS', and a 'MEETS ALL' determination was reserved for a 100 score. We are currently beginning the process for a MAP Review of 2019.

The results for both the 2018 PVS and 2019 MAP will be included in the Annual Report for 2019.

Property Value Study (PVS) Results

	<u>2012</u>	<u>2014</u>	<u>2016</u>
Median Level of Appraisal	1.00	0.96	.99
