**BEXAR CENTRAL APPRAISAL
DISTRICT BUDGET 2027
EXECUTIVE SUMMARY**

The attached budget outlines the Bexar Central Appraisal District's financial plan for appraisal year 2027. More than a spending document, this budget reflects the District's values: a commitment to public service, operational excellence, and fiscal responsibility. The District's staff is the foundation of our success, and our investment in personnel remains the highest portion of the budget. This budget also addresses legislative mandates, the growth of our parcel inventory, and a rising appeals and litigation workload, all while maintaining our commitment to efficient resource management.

The 2027 budget proposes total expenditures of **\$30,875,940**, representing an increase of **\$1,132,463 (3.81%)** over 2026. Notably, this marks the fourth consecutive year in which the year-over-year percentage increase has declined, demonstrating our ongoing commitment to fiscal responsibility amid growing demands.

HIGHLIGHTS OF THE 2027 BUDGET:

BUDGET CATEGORY INCREASES AND DECREASES ARE AS FOLLOWS:

Operating Expenses - (12.83% of the total budget amount)

- Decrease in auto allowance, attributed to role reclassifications.
- Higher building maintenance costs, primarily from necessary HVAC repairs and replacements.
- Lower costs for forms and creations and postage are due to a decrease in appraisal notices.

Net Projected Change: -\$221,731

Capital Expenses – (0.97% of the total budget amount)

- Server hardware refresh.

Net Projected Change: \$100,000

Debt Service (0.00% of Total Budget)

- The district owns its facilities outright, resulting in no debt service obligations.

Employee Expenses – (66.03% of the total budget amount)

- 2 New Positions: 1 Assistant Chief Appraiser (succession planning), 1 Communication Assistant (public communication support)
- Compensation Grid Adjustment: A proposed 2% adjustment to maintain competitiveness, raising the minimum hourly wage to \$19.18.
- Merit Increases: Continuing a performance-based system rewarding employee contributions.
- Retiree COLA Funding: Annual funding for biennial adjustments to manage long-term liabilities

Net Projected Change: \$1,408,020

Contract Services – (6.89% of the total budget amount)

- Election expenses have been proactively funded through a reserve account.
- Increased legal expenses due to active cases, prolonged resolution timelines, and higher hourly rates from outside counsel and mediation providers, in addition to election-related costs.

Net Projected Change: -\$490,000

Information Systems Expenses – (2.86% of the total budget amount)

- Renewals of software licensing agreements.
- New equipment leases.
- Adjustments to service costs aligned with actual expenditures.

Net Projected Change: \$49,252

Project Expenses – (5.73% of the total budget amount)

- Rising costs for field device maintenance and server infrastructure due to UPS system replacement and updates to equipment such as laser measuring devices and iPads.

Net Projected Change: \$54,912

Other Expenses – (0.003% of the total budget amount)

This category of expenses remains unchanged in the budget plan for 2027.

Appraisal Review Board Expenses- (4.64% of the total budget amount)

- Higher certified mail and postage costs mandated by law.
- Increase in ARB compensation driven by a higher volume of accounts going before the board.

Net Projected Change: \$232,010

This budget includes money to be encumbered to fund a TCDRS COLA for retirees in the amount of \$275,000 that is budgeted annually but paid every two years. Funds for an unfunded mandate of \$100,000 are to be encumbered for the election reserve.

Funds in this budget also are to be encumbered into a reserve to fund a future server infrastructure upgrade at the end of the current hardware's life in 5-7 years at an amount of \$250,000.

The Board of Directors of the Bexar Central Appraisal District may transfer funds between line items of the 2027 Budget if the action does not obligate jurisdictions to additional payments.
